

OxWell Virtual Internship Programme

OxWell
Student Survey

Young People's Health and Wellbeing

We are excited to announce the launch of the **OxWell Virtual Internship Programme (OxVIPs)**

We want to give students a **unique opportunity to experience what it's like to be a researcher** and to witness first-hand the power of their OxWell data.

What is the selection process?

In every school and college that has taken part in OxWell, we will **randomly select** two applicants who completed all sections of the application form.

We aim to share the outcomes by the 14th July.

Access to national (anonymised) **OxWell data** + the opportunity to help shape questions for OxWell 2027

Interactive sessions & small-group discussions

What will the internship involve?

We've planned a varied schedule of sessions for students to take part in:

Learn about the process of conducting research & **develop research skills**

Design a **micro research project** and poster

Meet members of the OxWell team and learn about some of the different **career paths in research**

DATES: 20th - 24th July 2026

Who can apply?

If your school/college has ever participated in OxWell and you are a sixth form student or further education student you are eligible to apply.

(Students **must be 16 or older**).

Scan the QR code to **find out more** and apply. Applications close **13th July**.

The internships will run from 20-24 July 2026 (inclusive). Each day will start at 10am and finish at 5pm with a 1-hour lunch break.

We would be thrilled if **2 students** from your school/college could join us!

Department of
Psychiatry
